Dear «NameFIRST\_NAME»:

*Congratulations!* You completed the Distance Learning for Professionals in Hearing Health Sciences program and PASSED the final examination with a score of «TM1FINAL\_SCORE»%.

You are receiving this results letter and Certificate of Completion on page two. As a result, IHS is no longer mailing hard copies via 1<sup>st</sup> class mail.

The Distance Learning Course and the final examination was designed to prepare you for state and/or provincial examinations, as well as provide a solid foundation for your career as a Hearing Health Professional. Our final examination does not supersede nor substitute any requirements of your state or provincial licensing board in their certification process. It is the responsibility of the student to deliver document requirements to state/provincial licensing boards. We advise that you inquire about your state's Study Guide (usually found online) to assist you in preparing for your State Licensing Exam.

Again, congratulations on completing your Distance Learning Course. IHS wishes you the very best in your quest for professional fulfillment.

Best regards,

*Deborah Priskorn*
